## AROUND EUROPE

### USACE, USAEUR break ground on command, battle center

WIESBADEN ARMY AIRFIELD, Germany - In about three years, Army engineers will transform a small parade field into the "nerve center" of mission planning, execution and communications for U.S. Army Europe.

Construction on the 89 million euro command and battle center commenced with a ground-

breaking ceremony here January 19, hosted by the U.S. Army Garrison Wiesbaden.

### USACE breaks new ground on new youth center

BRUSSELS, Belgium - New construction is becoming a common sight for the U.S. Army Garrison Brussels and its students. Soon, the community will now see another new facility under construction on the Sterrebeek Annex grounds.

### Chievres opens doors to new commissary facility

CHIEVRES AIR BASE, Belgium - After years of grocery shopping in an aircraft hangar, a tent or some other temporary building, shoppers in the Chievres community can finally shop in a real grocery store.

In ceremonial fashion, the ribbon was cut and the automatic doors opened January 20 on this \$16 million Defense Commissary Agency facility here.

### Building Strong Around the World: Israel

TEL AVIV, Israel - In the late 1990s, the U.S. Army Corps of Engineers was called upon to assist the State of Israel with military construction to meet the stipulations of the Wye River accords. Since then, the Corps has been asked again and again to offer military construction oversight services.
