## AROUND EUROPE

### USACE hosts design firms to provide overview on hospital replacement project

FRANKFURT, Germany - Architects and engineers representing 57 U.S. and German A/E firms attended an Industry Day June 2 to receive information on an upcoming project that will eventually replace the aging

Landstuhl Regional Medical Center and Ramstein Air Base Clinic.

During the event, attendees were provided an overview of the project and its contracting requirements.

### USACE engineers utilize Google Earth around Europe

WIESBADEN, Germany - When someone needs information these days, the first place they go is Google.

The search giant has dominated the web, and USACE employees may soon be viewing projects across the world with the help of this internet juggernaut.
